

2017 Open Programmes & Conferences

Since its establishment in 2000, it has been the mission of the Gordon Institute of Business Science to significantly improve responsible individual and organisational performance, primarily in South Africa and increasingly in our broader African environment, through high quality business and management education. The GIBS Executive Education Open Programmes form an integral part of achieving this strategy.

In a fast-changing business environment, it is critical to organisational success that executives have the right skills and knowledge to lead the organisation into the future. GIBS Open Programmes are well-known in the market for providing delegates with the applicable knowledge, critical skills and tools to impact on three levels: individual, team and organisation.

GIBS also offers in-house executive short courses for your organisation. If you would like more information, please email inhouse@gibs.co.za.

GIBS Illovo Hotel Study and Stay Accommodation Special
Book accommodation at our on-site hotel for the duration of your course. Enquire about applicable special rates.

In May 2016 the annual UK *Financial Times* Executive Education rankings, a global benchmark for providers of executive education, once again ranked GIBS as the top South African and African business school.
