

Cabinet Connexion T/A Denic Cabinets

Is a proudly South African, B-BBEE level 1 contributor in the carpentry industry. We offer a complete solution of design, manufacturing and installation of customized Kitchen units and built-in-cupboards. We manufacture all components of the cabinetry in our factory, with the help of qualified cabinet makers who have a combined experience of 65 years in the industry. We specialize in Spray-finished doors which are relatively labour intensive and used in many up-market kitchens both locally & abroad. Our hand-made doors can be completed with unique profiles/ designs. We also offer Melamine, Gloss, Matte and Veneer cabinets.
